**Licensed Health Care Practitioner.** A Physician, a registered nurse (R.N.), a licensed social worker, or any other individual who meets the requirements as may be prescribed by the U.S. Secretary of the Treasury. The following do not qualify as a Licensed Health Care Practitioner under this rider: You, the Accelerated Benefit Insured, a member of Your or the Accelerated Benefit Insured's Immediate Family, or anyone who is under suspension from Medicare or Medicaid.

**Qualified Long-Term Care Services.** Necessary diagnostic, preventive, therapeutic, curing, treating, mitigating and rehabilitative services, and maintenance or personal care services, which are:

1. required for treatment of a Chronically Ill Individual; and
2. provided pursuant to a Plan of Care prescribed by a Licensed Health Care Practitioner; and

**Long-Term Care Facility.** A facility, other than the acute care unit of a Hospital, that provides skilled nursing care, intermediate care, or custodial care, and is licensed by the appropriate state licensing agency or if not licensed maintains a registered nurse or licensed practical nurse on duty at all times to supervise 24-hour nursing service, a doctor to supervise the operation of the facility, a planned program of policies and procedures that were developed with the advice of a professional group including at least one doctor or nurse, and a doctor available to furnish emergency medical care.

**Assisted Living Facility.** A licensed facility that is engaged primarily in providing ongoing care and related services to inpatients in one location. If not licensed, it must meet certain criteria listed in the rider.

#### 10. LIMITATIONS AND EXCLUSIONS.

- (a) Pre-existing conditions. The rider does not cover conditions for which medical advice or treatment was received by (or recommended to) the Accelerated Benefit Insured from a provider of health care services within six months preceding the effective date of this rider. No benefits will be provided under this rider during the first six months for Qualified Long-Term Care Services received by the Accelerated Benefit Insured due to a pre-existing condition. Days of services received by the Accelerated Benefit Insured for a pre-existing condition during the first six months that this rider is in force will not be counted toward the satisfaction of the Elimination Period.
- (b) Non-eligible Facilities/Providers and Level of Care. The rider does not cover services provided by a facility or an agency that does not meet the rider definition of such facility or agency.

Exclusions, Exceptions, and Limitations. The rider does not cover treatment or care:

1. For attempted suicide or intentionally self-inflicted injuries;
2. For Qualified Long-Term Care Services incurred before the effective date of this rider;

Receipt of accelerated death benefits under this rider may adversely affect your eligibility for governmental benefits or public assistance programs, such as Medicaid.

- 11. RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. The rider does not include inflation protection coverage and therefore the benefit level will not increase over time.
- 12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS. The rider will cover Qualified Long-Term Care Services resulting from a clinical diagnosis of Alzheimer's disease or related degenerative and dementing illnesses that result in the Accelerated Benefit Insured's cognitive impairment.
- 13. RIDER CHARGES. The charge for the rider is included in the total policy's value as long as the rider is in force, but not while rider benefits are being paid and not beyond the age where the policy cost of insurance is no longer charged. The rate for the rider varies by the Accelerated Benefit Insured issue age, and the monthly benefit percentage selected as shown under Policy Data.
- 14. ADDITIONAL FEATURES. Issuance of this coverage may depend upon certain medical information about the Accelerated Benefit Insured. This is generally known as medical underwriting.
